He walked a long time and rang many doorbells and "scared" a lot of people in order to acquire his Halloween treasures. He wants to sleep with his treasures beside him, where he can feel the sack with his hand.

These treasures somehow remind you that one of your responsibilities toward your adorable child is to teach him what real treasures are - friends, country, church, good deeds, family, love of God, and quality of spirit, to name a few.

That "Trick or Treat" bag somehow reminds you of that scripture in Matthew that goes, "Lay not up for yourselves treasures upon earth where moth and dust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: for where your treasure is, there will your heart be also."

You know that the church will help you in this, so you vow again to be faithful to every service, thankful for all the wonderful workers there, asking God to help you and them.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

HAMLIN, TEXAS

He walked a long time and rang many doorbells and "scared" a lot of people in order to acquire his Halloween treasures. He wants to sleep with his treasures beside him, where he can feel the sack with his hand.

These treasures somehow remind you that one of your responsibilities toward your adorable child is to teach him what real treasures are - friends, country, church, good deeds, family, love of God, and quality of spirit, to name a few.

That "Trick or Treat" bag somehow reminds you of that scripture in Matthew that goes, "Lay not up for yourselves treasures upon earth where moth and dust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: for where your treasure is, there will your heart be also."

You know that the church will help you in this, so you vow again to be faithful to every service, thankful for all the wonderful workers there, asking God to help you and them.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the trush which alone will set him free to live as a child of God.

PATTERNS FOR PROGRESS

When Industry votes for your community . . . you are the winner

The campaign WTU is conducting to bring new industry to this service irea is based upon a platform of economic advantages. That's because profitable operation is the objective of all industry on the move. But when you come right down to it, local enterprise, local activity, local leadership are the deciding factors in winning the race for new industry. That is why when industry votes for your community, your platform is adopted and YOU are the winner.

The "SELF-CONFORMING" leather ... ... not the hat

conforms to the shape of your head!

The only way for you to really know how much more comfortable is a Resistol Hat - is to try one on. It's the best test. You'll appreciate the easy way the leather conforms to your head and see why a Resistol will hold its shape, look better on you, and wear longer. No Other Hat

# RESISTOL
